- JavaScript
- React JS
- Next JS
- Redux
- HTML
- CSS & SASS
- Docker
- Typescript
- Node JS
- Mongo DB
- Postgres SQL
- Rest API

WORK EXPERIENCE

Software Engineer - I

BAZAAR TECHNOLOGIES, KARACHI | JAN 2022 TO PRESENT

- Developed frontend applications for multiple in-house software products, worked closely with product manager to improve already existing applications.
- Used testing tools such as Enzyme, React Testing Library and Jest for unit testing of client side applications, which helped in reducing bugs and errors during production.
- Helped implementing micro-frontend architecture, code splitting and modular css techniques, which reduced the load time and optimised the structure of the frontend applications.

Software Engineer Intern

VENTUREDIVE, KARACHI | JUN 2019 TO AUG 2019

- Designed and developed a travel agency website, that allows customers to choose multiple payment options and add their personal information.
- Developed a full-stack to-do application with user authentication, JWT tokens, and email reminder notifications.
- Completed multiple training courses assigned by the mentors.

Freelance Web Developer

FIVERR.COM | NOV 2020 TO PRESENT

Completed more than 20 frontend and full-stack projects. Here are some key projects I've worked on.

- Designed and developed a full-stack fitness web application with a fully responsive design, multiple authentication options, stripe payment, video and audio player integration, and an admin dashboard. The project helped the company raise investments and attract top influencers around the country.
- Developed frontend dashboard for Phunnel.co's MyHobby POS system. An online marketplace where trading card enthusiasts can buy, sell, place bids, and create orders.
- Developed a hospital management system that aims to improve the communication between patients and doctors.
- Developed a platform that allows the engineers to manage and visualize multiple sensors, temperature controls, pipe flows, and battery discharge.

EDUCATION

INSTITUTE OF BUSINESS ADMINISTRATION, KARACHI

BACHELORS IN COMPUTER SCIENCE | 2018 TO 2022 (EXPECTED)

EXTRACULICULAR ACTIVITIES

ASSISTANT DIRECTOR AT IBA COMPUTER SCIENCE SOCIETY | NOV 2018 TO AUG 2019

- Worked as a core team member and helped organized IBA Pro battle 19.
- Formulated the basic design approach and material details such as fonts, graphics, animation, and promotional videos.
- Worked with creative directors to developed design solutions.
